

Toppers Speak ...

How I did it?

I have attended Fiitjee All India Test Series 2015 - 2016 as a part of my JEE preparation. These were extremely helpful for both JEE Mains and JEE Advanced exams. The questions in the test series were very innovative and helped me in sharpening my mind. The level of the questions was high. I attended these exams regularly and this helped improve my exam-taking skills. The unique real test atmosphere also helped me to increase my concentration level, analytical abilities and calculation speed. The most important contribution of the test series in my preparation, however, was the ability to keep a cool head during the tense situations in exams. It was an immense help to me in the JEE Advanced Exam. Fiitjee AITS also introduced us to various marking patterns and question types that have appeared in past JEE Mains and JEE Advanced paper as well as in new compositions. I am very grateful to Fiitjee AITS for the prominent role it played in my life. Needless to say, if one takes up this test series, none other would be necessary separately.

Thank You FiitJee !

JEE Mains Rank AIR 14

JEE Advanced Rank AIR 54

Parents Speak

Well, I have followed FIITJEE and its AITS program very closely through my son's enrolment.

Firstly, I was impressed with nominal fee (with discount) and very clean procedure.

Then, the concept of having common exam in an unknown environment.

Then the systematic tests & ans. supplements.

Very impressive question setup that I have ~~probably~~ ^{certainly} understood through Chemistry questions. In fact, I am sure that JEE paper setters are also following FIITJEE.

I have noticed that "the boy" was ready to abandon other clashing schedule to attend AITS.

FIITJEE reward is a very motivating scheme. Certainly it will help me as a parent.
