How I did it?

I, Ajean Mangal, joined FIITJEE one year AITS programme. I am from Jodhpur. I joined "Paathshala" coaching institute in Jodhpur whose director Mr. Lenin Detha (also ex-Fiitjee faculty) suggested me to take Fiitjee's AITS programme.

The level of tests was excellent and gave me best quality practice with different types of questions and gave me a complete exposure to various concepts through the medium of tests.

Fiitjee's CSCP programme was first class and helped me a lot in understanding my mistakes & weaknesses in problem solving and knowing new concepts. I would like to give message to the future aspirants of JEE that hardwork is the key to success and right guidance (which Fiitjee provided) is instrumental in success.
